

Casco Bay Coastal Academy
It All Begins with Habitat
May 6, 2021, 3:00 – 4:30 PM

Zoom into your local ecosystem with this interactive demo on the Beginning with Habitat toolbox! Find out how these tools can support your community's conservation goals by providing comprehensive information on the location and quality of waters, wetlands, plant and animal habitats, and large unfragmented landscapes statewide. Learn about other conservation tools available.

AGENDA

3:00: Welcome/Introductions

3:10: *Beginning with Habitat* Presentations
